Re: Transfer of Notice of Intention, Miracle Rock Mining and Research, LLC, The Junkyard Mine, S/015/085, Emery County, Utah

Dear Mr. Taylor:

On March 12, 2002, we received the completed Transfer of Notice of Intention of Small Mining Operations form to transfer The Junkyard Mine small mining project located in SW1/4 NE1/4, Section 2, Township 23 South, Range 6 East, Emery County, Utah from The Rockland Corporation to Miracle Rock Mining and Research, LLC. The permit fee for fiscal year 2001-2002 has been paid for this project.

The Division Director has signed and executed the transfer document, *which effectively transfers the responsibility for the mining operation and reclamation of the Junkyard Mine to Miracle Rock Mining and Research, LLC.* A copy of the transfer form is enclosed for your files. You are now the official party responsible for all mining and reclamation obligations for this project.

Since the Junkyard Mine is immediately adjacent to the Body Tody Mine (file number S/015/040), we will now combine the two notices of intention into one project, under the Body Tody file number. File number S/015/085 (Junkyard Mine) will be closed. Enclosed is a map of both disturbed areas. This map is from our file, and it appears to be the most accurate map we have of the area.

By copy of this letter the Division hereby officially releases The Rockland Corporation from any further reclamation responsibilities at the Junkyard Mine site. Thank you for your help in finalizing this transaction. If you have any questions or concerns regarding this transfer, please contact Paul Baker at (801) 538-5261.

Sincerely,

FOR D. Wayne Hedberg
Permit Supervisor
Minerals Regulatory Program
